# INTRODUCTION

- Name token : GORJETA
- Symbol : GORJ

**Imagine an old world where you have innovative ideas but no one around you believes in you. Then comes a new world where your idea can be supported by people from all over the planet through Tokenization. Entrepreneurs and enthusiasts can now turn their dreams into reality in a transparent, efficient, and democratic manner. This disruptive technology called blockchain revolutionizes how to connect with people who believe in you.**

**Game shows are a popular form of entertainment, with millions of people watching worldwide. Combining them with cryptocurrency has the potential to attract an even larger audience and increase engagement with blockchain technology.**

**To further increase the excitement and engagement, the game show will be broadcasted, allowing users to follow the action in real-time LIVE and interact with the community and the prize program. This will make the experience even more engaging and enjoyable. Transparency in the awards, the independent audit carried out by the community in real-time of the awards, will ensure the fairness of the process and the participants' trust.**

**The Tip Show offers an innovative solution by combining a cryptocurrency with an interactive game show, live broadcasting, and community auditing. It provides users with a real use case, making participation accessible to everyone, delivering an exciting and fun experience while ensuring fairness in the process and transparency in the awards.**

# TOKEN DESCRIPTION

# LIVE AUDIT

## Ensuring Fairness and Transparency in Game Winner Selection Process

### Step-by-Step:

1. **Game Show Victory:** A participant wins a stage of the game and becomes eligible for the prize.
2. **Private Contact:** The show's assistant will contact the winner via private message to request their address for prize transfer. The address must have 800 GORJETA tokens to be eligible.
3. **Blockchain Address:** The winning participant's blockchain address will be displayed on [Solscan.io](#) for all viewers.
4. **Real-Time Verification:** An independent auditor with access to the blockchain network will instantly verify whether the participant's address holds the required 800 tokens for the prize.
5. **Validation or Disqualification:**
6. **Validation:** If the address holds the 800 tokens, the participant is confirmed as the winner of the corresponding prize (this applies to first, second, or third place).
7. **Disqualification:** If the address does not hold the 800 tokens, the participant is disqualified, and another eligible participant is selected for verification.
8. **Total Transparency:** The entire verification process is conducted live, allowing viewers to follow in real-time the validation of blockchain addresses and the selection of legitimate winners.

### Live Auditing Benefits:

**Enhanced Trust:** Real-time verification ensures the fairness of the process and boosts viewers' confidence in the Game Show's prize awarding.

**Unquestionable Transparency:** Displaying blockchain addresses and live validation eliminate any doubt about the legitimacy of winners.

**Fraud Prevention:** Auditing hinders and discourages fraud attempts, as any irregularities will be easily detected and addressed on broadcast channels.

### Important Notes:

- Live auditing is a crucial process to guarantee fairness and justice in the Game Show, ensuring that prizes go to legitimate winners.
- Blockchain technology, with its immutable and transparent nature, enables instant and reliable verification of participant addresses.
- Follow the live audit and rest assured that the Game Show is rewarding real winners based on fair and transparent criteria.
- Public and searchable addresses facilitate easy auditing.

### Initial Requirement:

- Holding 800 Tokens is the initial requirement to be eligible for the prize.
- In the future, the token requirement may be lowered below 800 to encourage new participants. However, it will never exceed 800 tokens Hold.

# ECONOMY AND DISTRIBUTION

## Token Economy:

The primary goal of the token economy is to incentivize participation in the Game Show, reward players, and promote sustainable growth.

**Liquidity:** The gradual release of locked tokens through rewards ensures a constant supply and growing liquidity available for buying and selling, making it easier to use the token and attracting new users.

**Rewards:** GORJETA SHOW rewards incentivize players to participate and engage with the platform, creating a positive cycle of growth and engagement.

## Future Projections:

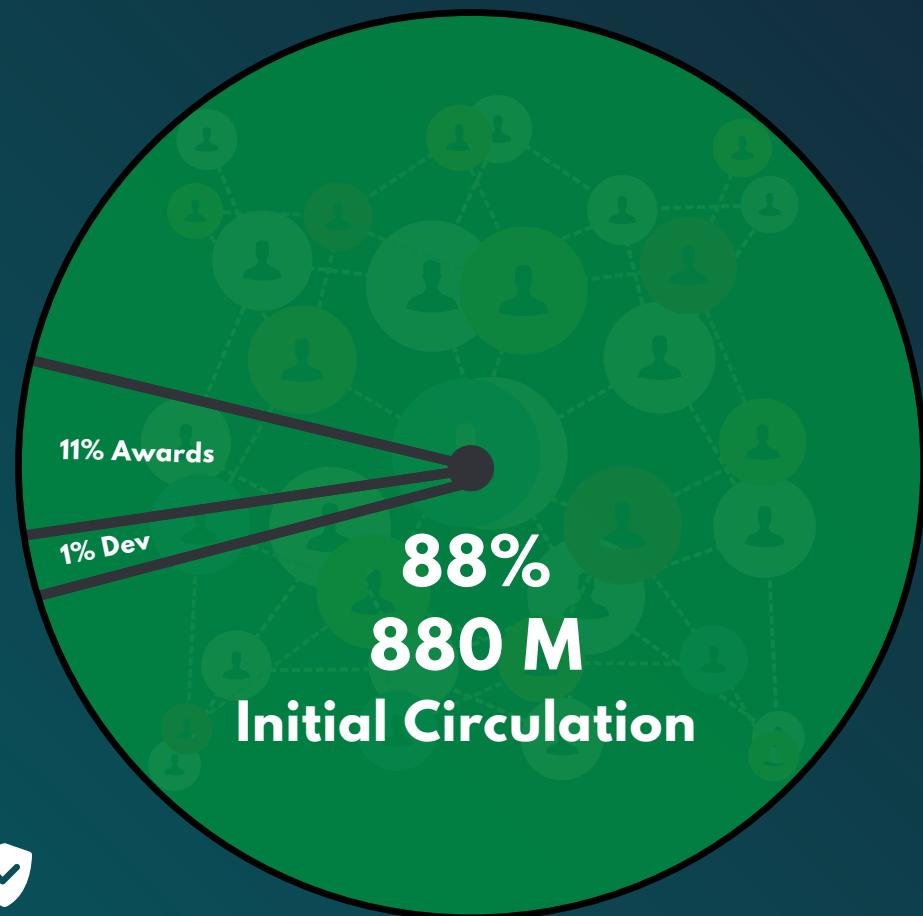

**Token Value Appreciation** Strong HOLD community, and increasing demand from participants can lead to a gradual appreciation of the token's value over time.

**Growing Liquidity:** The gradual release of tokens through rewards, **and only through rewards**, should ensure an economically sustainable supply of tokens available for purchase and sale, facilitating usability and attracting new users.

**Sustainable Growth:** The combination of participation incentives, attractive rewards, innovative interactions, and a well-structured token economy can lead to the sustainable growth of GORJETA SHOW and the value of its token.

# ECONOMY AND DISTRIBUTION

# CONCLUSION

**By merging the excitement of gaming with the transformative power of blockchain, Game Show opens the doors to a world of limitless opportunities. Here, fun turns into real rewards, passion translates into positive impact, and the community becomes the driving force behind a prosperous and sustainable future.**

**Investors reap the rewards of growth. The Game Show offers a unique opportunity for visionary investors to participate in an innovative project with immense potential for appreciation. By acquiring tokens, you become part of the community and contribute to the sustainable growth of the platform.**

**The realm of blockchain technology extends far beyond the confines of cryptocurrencies. In the captivating world of Game Show, it emerges as the cornerstone of a vibrant and transparent ecosystem. Every transaction is meticulously recorded and immutably verified, safeguarding fairness and security for all participants.**

**And with the presenter comes the responsibility of ensuring the utmost transparency and security in the custody of the prizes. The Mission is to guarantee that each winner receives what is rightfully theirs, with complete honesty and fairness.**

**Each winner will be selected in a fair and impartial manner, following strict and transparent criteria. My mission is to ensure that merit is rewarded and that the thrill of victory is genuine and well-deserved.**

# REFERENCE AND INSPIRATION

**In an increasingly complex and uncertain world, blockchain technology and cryptocurrencies emerge as a beacon of hope, promising a new era of freedom, security, and prosperity.**

**We bid farewell to the excessive control of governments over our resources. Through decentralization and cryptography, we ensure protection against arbitrary confiscations, currency devaluation, and undue interference in our transactions. Your wealth travels with you, providing freedom and flexibility to live the life you've always dreamed of.**

**Without intermediaries or unnecessary bureaucracy, you have total control over your assets, being able to manage them as you wish, without external restrictions or impositions.**

**Blockchain and cryptocurrencies restore trust in human relationships. Through smart contracts and transparent transactions, we eliminate the need for intermediaries and the dependence on fragile promises, building a world where the word and individual responsibility prevail.**
